(Mum, always so loving, thoughtful and kind, you may have left this world behind, but you will never leave our hearts and minds. As we watched you fade away, our hearts were slowly breaking as you fought so hard to stay. You did not want to leave us, but you did not go alone, for part of me went with you, the day God called you home. Deep in my heart memories will be kept, to love and cherish forever and never to forget). - Broken hearted Daughter Ann-Marie and Son-in-law Thomas x x x x.

(My Mrs Maureen, not many people are as lucky as me to have a big sister like you to help and support you in everything you do. Thank you for all you did for me. Sleep peacefully with our Freddie. Love ya). - Your Baby Sister Sheila x x x.
